NIMUE ADVANCE SKIN TREATMENT

Nimue Skin Technology is a derma-cosmeceutical brand that was developed in 1994 by leading skincare scientists aimed at the medical market for pre- and post-operative application. Since then, Nimue has evolved into a recognized professional skincare brand distributed globally, renowned for an expert understanding of the skin, innovative formulations, cutting edge technology and effective combination, concentration and strength of active ingredients.

NIMUE DEEP CLEANSE TREATMENT R 800

A diagnostic evaluation will determine which mixture peel and needling at a particular strength as well as a particular contact time is suitable for your individual acne skin. and reconstruct impaired dermal layers. This treatment will reduce inflamed & pustular skin conditions

ACTIVE REJUVENATION TREATMENT R800

A specialized tyrosinase and melanin inhibitor Therapy-technique, is combined with Kojic acid, Keratinocyte growth inhibitor and Niacinamide cocktail mixture are needled into the skin to decrease and break up hyper and hypo pigmentation.

35% GLYCOLIC TREATMENT R800

Sensitive skin are skin disorders is easily irritated than normal skin, so allergic skin reactions such as eczema, rosacea, or allergic contact dermatitis. With this treatment prepare and mix selected vials that helps restore the natural PH on the skin by doing a gentle needling procedure over the skin

NIMUE 7.5% TCA TREATMENT R800

A particular treatment plan will be compiled specifically for the individual skin. Typically, the micro-needling protocol is performed with fractionated Hyaluronic Acid and Retinoid Acid for an immediate collagen production contraction and enhancement of the skin's tensile strength, for a firmer youthful looking skin.

NIMUE MICRO-NEEDLING TREATMENT R 1230

A skin rejuvenation treatment with a specialized micro needling device that stimulates collagen production. This customized treatment delivers superior results with a visible reduction in the signs of aging

NIMUE SRC-ENVIROMENTALLY R950

A powerful, highly specialized and fast-acting skin resurfacing treatment designed to repair and replenish sun damaged skin and reduce the visible signs of aging caused by environmental factors. This treatment removes dead and damaged skin cells, resulting in a smoother, firmer, more radiant and youthful appearance.

NIMUE SRC-PROBLEMATIC TREATMENT R950

A concentrated, highly specialized skin resurfacing treatment designed to reduce breakouts, enlarged pores and oiliness. This intensive treatment is specially designed to refine texture, leaving oily and problematic skin smoother and decongested.

NIMUE SRC HYPER PIGMENTED R950

A powerful, highly specialized skin resurfacing treatment that addresses uneven skin tone and hyper-pigmentation, resulting in smooth, glowing skin that looks brighter and more radiant

NIMUE SCR INTERACTIVE TREATMENT R950

An intensive, smart technology skin resurfacing treatment designed to smooth skin texture, reduce fine lines and wrinkles and improve the appearance of uneven skin tone. This cutting-edge peel delivers immediate results with minimal discomfort, resulting in firmer, radiant and more youthful-looking skin.

NIMUE SMART RESURFER TREATMENT R 1000

A skin rejuvenation treatment with a specialized micro needling device that stimulates collagen production. This customized treatment delivers superior results with a visible reduction in the signs of aging

Biomedical Emporium® has developed the new Rx skincare range for physicians to deliver innovative skincare solutions to their patients. The Rx range has been scientifically formulated within the disciplines of Biomedical Science and Skin Tissue Engineering to optimize skin therapeutic health based on the latest advances in skin therapy technologies with unique delivery systems, bio-engineered complexes and exclusive topical administration protocols. Biomedical Emporium provides comprehensive skincare programs for physicians and their patients. We have been sourcing medical grade active ingredients that comply with compendia standards and formulated at high concentrations and combinations to provide patients with visible results suitable for all skin types and to address many skin disorders. *Depending on your skin Condition we recommend a serie of treatments 4-5 weekly.*

RX ACNE TREATMENT

A diagnostic evaluation will determine which mixture peel and needling at a particular strength as well as a particular contact time is suitable for your individual acne skin. and reconstruct impaired dermal layers. This treatment will reduce inflamed & pustular skin conditions

RX PIGMENTATION TREATMENT

A specialized tyrosinase and melanin inhibitor Therapy-technique, is combined with Kojic acid, Keratinocyte growth inhibitor and Niancinamide cocktail mixture are needled into the skin to decrease and break up hyper and hypo pigmentation

RX SENSITIVE TREATMENT

Sensitive skin are skin disorders is easily irritated than normal skin, so allergic skin reactions such as eczema, rosacea, or allergic contact dermatitis. With this treatment prepare and mix selected vials that helps restore the natural PH on the skin by doing a gentle needling procedure over the skin

RX ANTI AGING

A particular treatment plan will be compiled specifically for the individual skin. Typically, the micro-needling protocol is performed with fractionated Hyaluronic Acid and Retinoid Acid for an immediate collagen production

GOLD STANDARD MICRO-NEEDLING

R1450

A unique and specialized collagen & elastin Induction Therapy-technique, is combined with pure Retinoid Acid, to increase cellular regeneration activities and boost collagen production simultaneously, treating acne, pigmentation and overall texture of the skin .

Platelet Rich Plasma (PRP)

(Doctor) R3900

PRP can be combined with collagen induction therapy treatment in a form of blood therapy. PRP is derived from the patients own blood drawn by a qualified nurse, iThis will immediately provide nutrition in the dermal-epidermal junction to enhance not only collagen production, but increase cellular turnover to densify, rebuild and reconstruct impaired dermal layers.

HAIR LOSS / ALOPECIA

45 MIN R 1230

- * Prevent hair loss
- * Stimulate Hair Growth
- * Reduce inflammation in the scalp
- * Tissue repair mechanism

Please Note : The RX is a very active pharmaceutical graded treatment and various active ingredient are selected and build for your own unique skin condition and then layered by means of micro-channeling into the skin for the best result. Our aestheticians will advice discuss and advice treatment plan and option designed for your skin with pricing prior to the RX Treatment .

THERMAVEIN REMOVAL

FACIAL & LEG VEIN REMOVAL. 500shots +- 15-20min R 1500

USUALLY only one treatment per condition needed for lasting results, but in some cases, up to 4 treatments may be required

- * Most clients say that the treatment is uncomfortable but manageable
- * Suitable for all skin types and ages
- * Little down time ~ the client can go into the sun immediately, but homecare is require
- * More Cost effective

As shown in the ThermaVein brochure, it is the safest and most effective treatment for vein removal. Laser has a 70% fail rate when it comes to vein removal, and Sclerotherapy is not effective on the face.

SKIN REJUVENATION

Alma's skin laser treatments rejuvenate mature skin, enhancing your patients' natural beauty and revealing smoother, younger, healthier-looking skin. The treatments, such as the ClearLift skin laser treatment, are considered 'lunchtime procedures'. That means they are **virtually painless** and pose **no downtime**. Additionally, they don't require aesthetic prior to treatment and are safe for all skin type

ALMA'S PIGMENTATION SPOT

ALMA PIGMENTATION SPOT TREATMENT

Alma's light-based, laser and IPL treatments remove the appearance of spots and skin hyper-pigmentation by targeting the melanin in the darkened area and dispersing it. The tiny fragments of the pigment are then cleared through a natural process. This clears all of the pigmentation layers, to reveal even-toned, unblemished skin. As always, Alma's pigmentation treatments are specially designed for your comfort, and are completely safe and effective for all skin types and colour's, including dark skin.

CACI ANTI AGING FACIAL

Caci anti -aging is a facial machine system that uses a series of tiny electrical impulses, called micro currents, at ultra-low frequency, to stimulate the 32 muscles in your face. Think of it as a gym workout for your visage or non-surgical facial toning. These work in harmony with the body's bio-electrical field, to stimulate collagen production and trigger tissue repair and skin rejuvenation.

COURSE OF 6 - 8 Sessions are recommended with a 4-6 weeks intervals. All Caci facial includes a Glycolic peel.
